Kaysville, UT

Education

WEBER STATE UNIVERSITY: BS in Computer Science

2016 - 2020

Bachelors of Science. Coursework included Operating Systems, Object Oriented Windows Application Development, Database Programming, .NET Web Application Development, Mobile Development for iOS, Scripting Languages, Concepts of Formal Languages and Algorithms for Computing.

Work Experience

UNITED STATES AIR FORCE: COMPUTER SCIENTIST

Sept 2020 - PRESENT

Worked in small teams, utilizing the SAFe Agile programming methodology, I delivered high end applications for the F-35 Lightning II and its pilots.

Awarded the Secretary of Defense Rear Admiral Grace M. Hopper Award for Software Maintenance Excellence for 2020 at the squadron level as well as a Department of the Air Force Certificate of Achievement at my team level.

VERTICAL SIGHT: DIRECTOR OF PROGRAMMING

Feb 2016 - Aug 2018

Was the Product Owner for several projects. I would schedule daily, weekly, and monthly meetings with clients and my development team, coordinating and providing information about the projects. I would work with my team's Scrum Master in planning out future tasks the teams would need to work on for each project, providing the fine details while keeping the big picture in mind.

Some of my other tasks as Director of Programming:

- Research current marketing strategies and provided consulting for clients
- Create viral marketing campaigns to bring view and new business for our clients
- Provide Search Engine Optimization for clients

UNITED STATES AIR FORCE: AERIAL PORT

Aug 2008 - Mar 2016

Fly, Fight, Win! I provided and managed logistics for equipment as well as personnel to their needed destinations. I personally managed a warehouse containing over \$1M worth of equipment for the Nuke Warfare Division where I won multiple awards for my services.
